How the VIP Painting Session Works in Worcester

Interested in the VIP rage painting Worcester experience? You can go to the VIP rage painting experience offered by Splasherist on New Street, which will give you 50 minutes of totally private studio experience with endless paints, one A3 canvas and also neon/ metal paints.. The VIP rage painting is an optional feature that needs to be selected during booking through the "Add-on" stage, or else the visit will be treated as regular session. Guests of all ages five and above are welcome in the studio, and BYOB is allowed.

Welcome to Worcester VIP Time

For extra playing time, the VIP rage painting Worcester session is the answer. In the rage painting experience, guests get to throw, flick and splatter paint onto the canvas, and in the VIP rage painting, guests get additional studio time, endless paint and even a bigger canvas to work on. The studio is situated at 2 New Street, right in the middle of Worcester.

A Special Outing in Worcester

The city of Worcester has a nice combination of stores and cafes. The VIP tour will appeal to those tourists who wish to give themselves a unique experience.

Why the Upgrade Is Simple to Add

VIP is the add-on that one chooses when making reservations. After the add-on is made, the visit automatically becomes a VIP visit; therefore, it is important to know how to proceed before paying.

What the VIP Upgrade Really Adds

VIP experience is a 50-minute session that consists of entirely private studio time. You have no company in the room but your friends, hence you get to laugh, shout, and play without worrying about the presence of other guests in the studio.

VIP experience comes with an unlimited amount of paint, hence you will not have to stop painting in order to check how much paint you have left. More space to paint, as well as more pots of neon and metallic paints are offered.

Rage painting remains the core of the experience. VIP experience comes with increased space to move around, not changes to the core action of splashing paint.

Inside the Worcester Studio Space

The Worcester studio is found at 2 New Street. This place can accommodate up to fifteen people in one sitting, and the room setting allows individuals to move around easily. The staff will always prepare the room prior to your arrival.

Room and Layout

Everyone is provided with his own work space; therefore, couples, groups of friends, and larger groups have enough space to paint. The design is such that even if the paint starts coming from opposite sides, one does not feel crammed.

Lockers and Protective Gear

The lockers hold the phones, bags, and wallets, thus securing the paint. Full protective clothing is provided, which comprises overalls of sizes ranging from small to triple extra large, safety goggles, shoe covers, and gloves.

Adding the VIP Upgrade at Checkout

Adding a VIP package is an operation which is done independent of booking. You choose your date and time, proceed to the add-on section, and choose the VIP package for all members of your group. It is extremely important to choose the VIP package because otherwise, you will have a normal session.

It is vital to check the add-on before making payments because there will be no surprises after that. You will get the confirmation of your appointment and information about the services provided.

Glitter, canvas, and large canvas are among other add-on you can choose during this process. It is simply impossible to order them as the appointment date approaches.

Who Enjoys a Private Worcester Visit

VIP session is suitable for different people. VIP session can be attended by people who are 5 years old and older and are self-guided; hence, it is suitable for people who enjoy making choices on their own without requiring the assistance of anyone. One does not need any prior knowledge of art.

The friends usually prefer to have the studio just for themselves, but couples enjoy the relaxation offered by the privacy. It is even possible to participate in the session with the family, and adults can guide their kids.

People who are 16 years and older can get 30 extra minutes of the session time, meaning that the total time will be 75 minutes.

Why Rage Painting Feels More Generous

Those guests, who need an outlet, will find something unique about rage painting Worcester that conventional art programs do not offer. In their rage paintings, guests will express their emotions through motion, and as a result, a physical representation of their work will be achieved.

This technique is both enjoyable and effective. As everything is provided within the program, guests should just reserve their spots. Since there is no specific way of doing it, they can experiment in a safe manner.

Most of the people note how good they feel after completing this program. It is the abundance of paint colors and bigger canvases that add generosity to this program.

Groups, Private Time and Discounts

Groups with at least ten members can get discounts of five percent. The VIP group will have to consist of at least eight members to be able to get the discount at Worcester.

Planning a Group Visit

Pick a date that is convenient for all, decide the number of guests and the session type. Timings can be sorted out by the team itself, and it would make sense to speak with the studio directly in case your party has special requirements.

Celebrations and Teams

All those celebrating their birthdays, teams, and hens/stags will be able to benefit from a private class. You are welcome to bring your drinks, and music as well, and have the whole afternoon personalized.

Booking, Extras and Payment Options

Bookings are done via the Internet using the Splasherist website. You will have to pick the Worcester studio and select a time slot, paying by card, Apple or Google Pay or even using a gift card. Booking is stated to be secure on the website and free cancellation is advertised.

It is necessary to book any additional services online as it cannot be booked on the day itself. Reading the website for details regarding the cancellation policy will save you from trouble.

The most important thing to do prior to the payment is to make sure that the VIP service is included in your booking. It will only take seconds.

From Arrival to Finished Canvas

Your visit starts with a friendly welcome from the studio staff. Coming a little bit earlier than the scheduled time allows you to register, place your items in a locker, and change into protective gear.

Once you're all set, a host will guide you through the studio and inform you about the process of the session. The canvas, paints, and other things you'll be using will be laid out for you. The whole session will be self-guided, and you can throw, flick, and spray paint however and whenever you want, as well as add your own music.

At the end of your private time, take a step back and admire your creation. Many guests are surprised by how much energy their piece of art contains.

Taking Your VIP Canvas Home

At the end of each VIP session, there is always a complete painting for you to take back with you. This is something that many people choose to put up in their homes or show off to their loved ones, making the entire experience into one that will never be forgotten.

Many of our VIP visitors will even leave with the feeling of achievement, despite not being confident about what they can achieve from the get-go.

Call us up now to book your Worcester VIP session and let us make your day in Worcester unforgettable!
